SKILLS

Data analytics

SQL, Excel, Power BI, Python, KPI and reporting

Preparation & visualisation

Pandas, NumPy, data cleaning, EDA, Matplotlib, Seaborn

Data engineering

PySpark, Apache Spark, ETL pipelines, Docker, Git, Jupyter

LANGUAGES

French: C1
English: B2

CERTIFICATIONS

Google Cybersecurity Professional Certificate

INTERESTS

Sport · Reading · Data & AI monitoring

Abdou SALOU ABDOU

DATA ANALYST · DATA ENGINEER · AI

PROFILE

AI & Big Data engineering student at ISGA Casablanca, seeking a final-year internship from February 2027. I use SQL, Power BI and Python to turn data into useful analysis. My featured projects are a sales profitability dashboard and CuraMedical, a team-built medical platform combining data, application development and automation.

EXPERIENCE

Network Administration Intern

Feb. – May 2025

National Agency for the Information Society (ANSI), Niamey

- Built a pfSense captive portal to secure and authenticate visitor Wi-Fi access.
- Designed a segmented network architecture using VLANs, firewall rules and DHCP services.

ACADEMIC PROJECTS

Sales Performance Dashboard - Sales analytics

2026

SQL Server, Power BI, Excel, Power Query, DAX

- Analysed 9,994 sales rows and 5,009 orders; built revenue, profit and regional margin KPIs.
- Identified a 7.92% margin in Central versus 12.47% overall, highlighting a priority for investigation.

CuraMedical - Medical practice platform

2026

Team project | Django, React, PostgreSQL, Docker, n8n

- Academic team project centralising patient records, appointments and consultations with Django and React.
- Architecture combining AI services, background tasks and dashboards; role-based access, audit and PDF exports.

EDUCATION

Engineering Degree in Computer Science

Oct. 2025 – present

ISGA, Casablanca — Artificial Intelligence & Big Data

Bachelor's Degree in Telecommunications & Computer Science

2021 – 2024

ESMT, Dakar — Network Administration & Security
